

SYSTIMAX® GigaSPEED® X10D Surface Mount Box

For Plenum and Non-Plenum Applications

Applications

- Consolidation point for zone wiring
- High speed data applications where larger cables are required (10G)
- Multimedia applications using copper, fiber and coaxial
- Utilized on kick plates for modular office furniture
- Plenum version for wireless access points and IP cameras

SYSTIMAX® GigaSPEED® X10D Standard Surface Mount Boxes are designed for interior surface-mount applications and can support copper and fiber terminations. All information outlets simply snap into place. The 2, 4, and 8 port boxes are UL-rated and available in four standard colors.

The 200 series surface mount boxes can support new generation, larger diameter data cables, and offers multiple cable entrances through the base and/or sides

The 200 series surface mount boxes are equipped with the corresponding number of dust covers and two port

adapters. These adapters support two M-series outlets each. A variety of other adapters are available but not included to configure LC, ST, and SC fiber couplers, VGA, S-Video, Coax, BNC, and RCA couplers.

Features and Benefits

- Support a wide range of applications and configurations using the following snap-in components:
 - 8 Position Modular Outlets - RCA Adapters
 - S-Video Outlets - BNC Adapters
 - VGA Adapters - Coaxial Couplers
- Can support new generation, larger diameter data cables
- Cable entrances available through the base and/or sides
- Can mount to solid surfaces or single gang electrical boxes
- Easy front access to outlets, adapters, and couplers
- Includes dust covers, cable ties, labels/label holders, adhesive backed velcro, double sided tape and screws
- Comes with label and label cover as well as a smooth surface for labeling the front of the enclosure
- Snap-in fiber spool is included to assist with fiber management (does not apply to the M202SMB and M204ASMB)
- Material: plastic
